SETTING A STANDARD AND LEADING
THE INDUSTRY IN CHINA.

# CATALOG

PS SERIES & PE SERIES | WPC WALL PANEL/GRILLE & ANTI-COLLISION BOARD | ACOUSTIC BOARD SERIES & WOOD VENEER SERIES | UV BOARD SERIES & PU STONE SERIES

# INTRODUCTION

Shandong Kesin Development Group is located in Linyi, the capital of wood panels, and was established in 2017. It specializes in the research, development, and application of environmentally friendly new materials in the wood industry. After nearly a decade of steady development and continuous innovation, the company has now grown into a new decorative paper, high-grade furniture board research, production and sales in one of the strength of the enterprise group. Kesin Group currently has four major production bases. This catalog introduces WPC production base.

WPC production department, covering an area of over 30,000 square meters and with a total investment of more than 200 million yuan. This branch base has more than 50 professional production lines. It primarily manufactures various decorative materials, including solid wood wall panel, WPC wall panel, WPC grille, PS series, UV panel, wood veneer, bamboo fibre panel, bamboo charcoal board, PU stone series, anti-collision board, and indoor WPC ceiling, etc..

# PS Series

Commonly used for interior wall panels and ceilings, with multiple series of film papers available to meet your diverse needs.
